

**NATIONAL CONSULTATIVE CONFERENCE ON THE
AFRICAN NATIONAL CONGRESS**

17 – 19TH NOVEMBER 2017

SAVING THE ANC FOR THE SAKE OF SOUTH AFRICA'S FUTURE

**WE HAVE COME TOGETHER IN THIS NATIONAL CONSULTATIVE
CONFERENCE**

As national representatives of Stalwarts and Veterans of the African National Congress and MK Council together with our fraternal organisations, SANCO, COSATU, SACP and ANC Veterans League as well as our allies from the Strategic Dialogue Group and taking into account the concerns from Civil Society, are all united by our love and concerns for our country South Africa and the African National Congress.

We are profoundly committed to the ANC, proud of its role in the achievement of our democracy and in the progress towards meeting our people's aspirations as embodied in the Freedom Charter.

We are deeply troubled by the abandonment of the ANC's historic values and principles, which has undermined popular confidence in government, parliament, state owned entities and other public institutions. This is an unprecedented political crisis.

We are also deeply hurt by what we regard to be a betrayal of our people's long-standing support and trust in the ANC.

We observe that the current elected leadership of the ANC is paralysed and unable to deal with ill-discipline, incompetence and corruption that point directly to the highest office in the land.

We further observe that parliament and the executive, led by the President has been found to have failed in their constitutional obligations by the highest court of the land.

We are deeply disturbed by the leadership's disdain for co-operation with relevant community-based organisations, thus relinquishing the ANC's leadership of society.

The mismanagement of our economy has led to unprecedented unemployment rates. This has exacerbated the levels of poverty amongst the masses of our people. Women, the marginalised in our society, in particular the youth have suffered immensely from the full brunt of the leadership's reckless decisions and indecisiveness.

The appalling state of the nation's education system at all levels continues to promote marginalization of significant sections of our society especially our youth, which is destroying the lives of future generations.

The increased crime rates and the deplorable insecurity within our vulnerable communities in the background of the corrupted and dysfunctional policing and prosecution services together with unrelenting and dehumanizing gender violence, leaves a sore eye to witness.

We are witness to the moral degeneration in society that is overseen by a self-centred, non-caring leadership that lacks honesty, integrity and a vision for the future.

WE HAVE SEEN THE LEADERSHIP CRISIS IN THE AFRICAN NATIONAL CONGRESS CAUSE IMMENSE DAMAGE TO THE COUNTRY, AS A RESULT OF:

- The systematic looting of public resources by elected representatives and public servants to the detriment of social cohesion.
- The unparalleled capture of state institutions for factional and corrupt purposes.

- The marginalisation of many competent and honest leaders and officials who sought to protect the country from such dishonourable practices.
- Many deplorable instances of assassinations and other forms of violence relating to political infighting and acts of criminality;
- The systematic erosion of the State's ability to carry out its constitutional mandate of delivering services to our people;
- The failure to implement the transformative social and economic programmes aimed at improving the lives of our people .
- Diminishing the stature and reputation of South Africa and the African National Congress in the eyes of our people, the sister peoples on the African continent and the world at large.

WE HAVE SEEN THE CRISIS IN THE AFRICAN NATIONAL CONGRESS WEAKEN OUR MOVEMENT AND PROMOTE DIVISIONS:

- The ANC leadership has fallen prey to forces who seek to advance their own selfish and corrupt interests which is inconsistent with the values, policy positions and ethos in the advancement of the National Democratic Revolution;
- Membership of the ANC has come to be seen by some as a path to positions, personal power, privilege and licence to plunder the state resources.
- In government, some members of the ANC have failed to resist and combat actions that subvert the democratic state .
- The ANC-led Alliance is polarised, divided and weakened.
- The social distance between elected representatives and the people has widened and support for the ANC has declined in recent elections.

- As many ANC branches have fallen prey to gate keeping, as a result of factions seeking political office to plunder public resources rather than to serve the people.
- Members who raise their voices in protest against the downward spiral of the ANC have often been threatened and marginalised.
- Our parliamentary caucus has been divided over mechanisms of enforcing accountability and for restoring the credibility of parliament.

In short, the ANC has relinquished its leadership of society and plunged itself into an untenable political crisis. This development represents a danger to all South Africans who love justice and who desire rapid progress towards a better life for all.

WE BELIEVE THAT THE AFRICAN NATIONAL CONGRESS CAN AND MUST BE SAVED

We feel the pain of our people whose enthusiasm, trust and love for the ANC has been dampened.

We acknowledge that our failure to address these issues timeously has contributed towards the grave reputational damage, political and moral crisis facing our organisation and country.

We are however convinced that our movement, with a rigorous, serious and genuine introspection can self-correct and be rescued from its current crisis.

THIS NATIONAL CONSULTATIVE CONFERENCE RECOGNISES THAT

- Turning the ANC from its present destructive path will not be a simple matter.

- A programme of self-correction must build on the ANC's historic values of service, selflessness and integrity.

Self-correction will require sustained introspection, critical analysis and concerted action to restore the ANC's credibility as a leader of society and a humble listening organization that is rooted amongst the masses of our people it seeks to lead.

WHAT IS TO BE DONE TO SAVE THE AFRICAN NATIONAL CONGRESS AND SOUTH AFRICA

We are determined to work with many partners who share the historic vision of the ANC to build a truly united, non-racial, non-sexist, democratic and prosperous nation.

We will not allow the ANC to die under our watch.

We believe, with our many years of commitment and contribution, we carry the wishes and authority of ordinary members of the ANC as well as the millions of our people.

We strongly affirm our belief that this historic National Consultative Conference can help to heal the ills currently afflicting the African National Congress.
